

EAGLES JACK-O-LANTERN STENCIL

■

SMALL

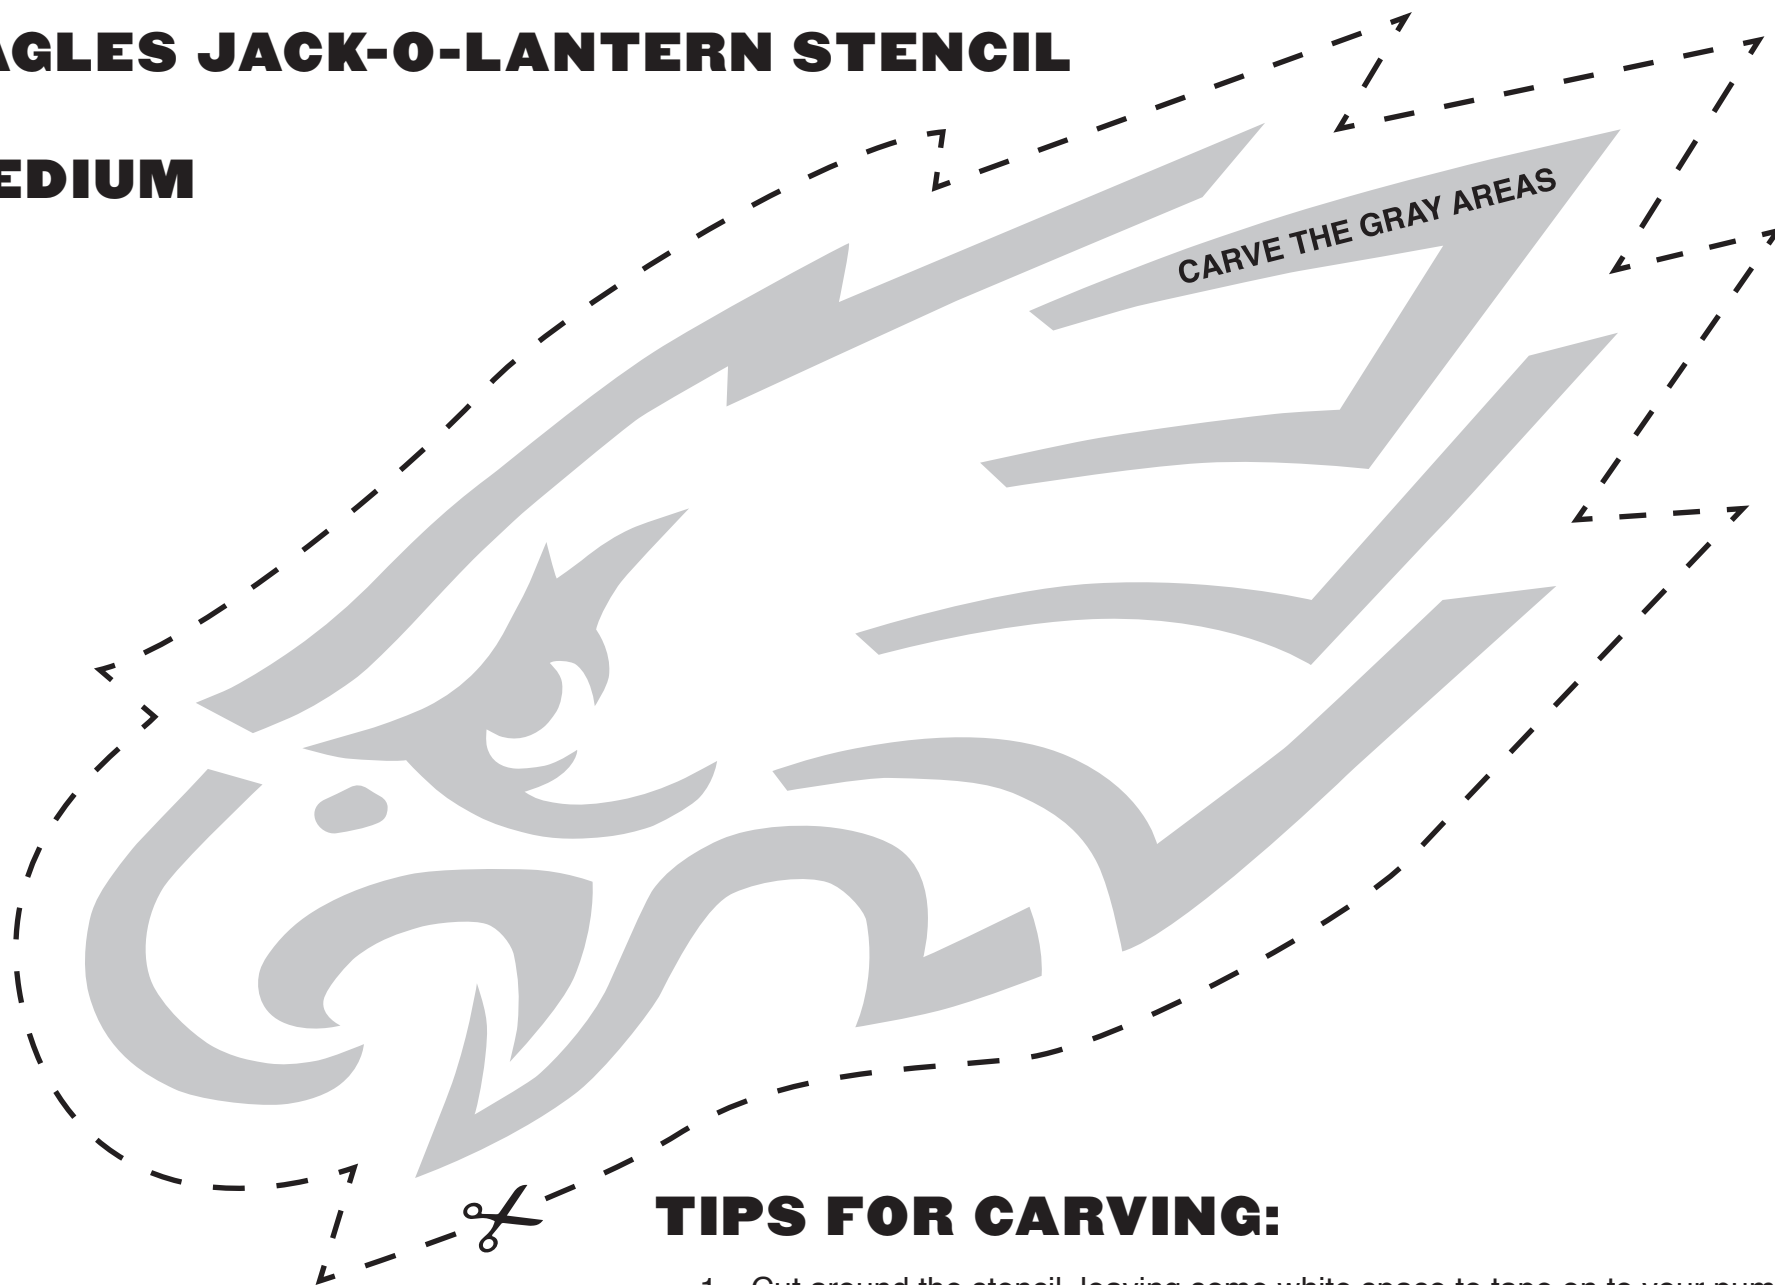

TIPS FOR CARVING:

1. Cut around the stencil, leaving some white space to tape on to your pumpkin.
2. Using the gray areas as your guide, poke holes through the paper and into the pumpkin to create a dotted outline of where you will cut. Holes should be about 1/8th of an inch apart and do not have to go all the way through the pumpkin.
3. Remove the stencil and use your dotted outline to carve your pumpkin.
